# WHAT WE OFFER

## *Workshops*

Our programs at The Highly Effective Teacher are highly interactive, presented in a workshop format with participants' expertise and experience recognised.

Participants network with colleagues and are given opportunities to share experiences, work collaboratively to discuss ideas, expand on current knowledge, raise concerns and problem solve while modelling tools and strategies immediately applicable to the classroom.

The programs provide multiple opportunities and scaffolds for teacher self- reflection and appraisal whilst expanding understanding of student behaviour and effective behaviour management strategies.

Self-reflection is encouraged and modelled through presenter narrative, self-rating scales, group discussions of current practice and commitment to action following the professional learning.

# TEACHER WELLBEING

## *Workshop*

**The Teacher Wellbeing Workshop** focuses on teacher wellbeing as the key to improved social, emotional and academic results for students.

Simple and effective habits to improve your personal and professional wellbeing are demonstrated in a fun, interactive environment.

### **In this course participants will learn:**

- How to effortlessly incorporate wellbeing practices into your day
- Simple strategies to boost your energy levels
- Effective techniques to manage your emotions and change your response to stressors
- How to incorporate positive practices into the classroom using no extra time

# HABITS OF HIGHLY EFFECTIVE TEACHERS

## *Workshop*

This interactive, fun and practical workshop models tools and strategies immediately applicable to the classroom.

### **In this course participants will learn:**

- Fundamental positive classroom management skills to dramatically enhance your teaching
- Tactical responses to reduce conflict with students
- Simple strategies to motivate students
- Time-saving ways to minimise classroom disruption through planning and preparation
- Effective techniques to develop relationships with the tricky kids
- Highly practical teaching strategies to engage students and increase learning

# SCHOOL CULTURE

## *Workshop*

**The School Culture Workshop** begins the process of improving school culture by prioritising relationship building through a climate of respect and professional conduct.

### **The day will incorporate:**

- Assessing and sharing current perceptions of the schools' culture
- Developing shared expectations and vision for a positive school culture
- Aligning school values with expected behaviours and actions of all staff
- Designing built in accountability for commitments moving forward

### **Working toward the following outcomes:**

- Developing a shared understanding of professional conduct, what it looks like and why it is important for a positive school culture
- Deciding on clear expectations of appropriate behaviour by increasing the focus on positive relationships between staff, students and parents/carers
- Articulating the components of a safe, nurturing, supportive environment for students and the role teachers play in creating that environment
- Developing protocols for respectful and supportive conversations and effective ways to manage conflict and stress so that staff feel empowered to collaborate to improve teaching practice

# RESTORATIVE PRACTICES

## *Workshop*

**The Restorative Practices Workshop** will challenge current attitudes to punitive methods of behaviour management, provide opportunities for reflection and direction for the school to use a restorative approach to build, maintain and repair relationships.

**This workshop will examine and explore:**

- Current attitudes to behaviour management
- The guiding philosophy of restorative practices
- Components of a positive school culture
- Teaching students to be accountable and understand how their behaviour affects others
- Using restorative practices to teach empathy and compassion and understand and resolve conflict

# RESPONDING TO CHALLENGING BEHAVIOUR

## *Workshop*

Also highly practical, this workshop leads participants step-by-step through the process of designing targeted behaviour management plans for students with challenging behaviour.

### **In this course participants will learn:**

- The factors that influence student behaviour
- The effect of trauma on brain development and behaviour
- How to reduce the intensity and frequency of challenging behaviour
- To use the functional behavioural assessment model to understand and change student behaviour
- Alternative strategies to manage students with challenging behaviour
- How to develop individualised behaviour management plans that work
- To align school values with processes and procedures to support staff, students and families
